Education

Bachelor of Science

COMSATS University Islamabad

Sahiwal, Pakistan

Feb 2024 – present

- Major in Software Engineering

Expected 2028

Skills

- **Programming:** C++, Java, PHP, SQL, Dart
- **Game Development:** Unreal Engine 5, Blueprints, Gameplay Systems, C++
- **Frameworks/Tools:** Flutter, Firebase, Firestore
- **Web Development:** PHP, MySQL, HTML, CSS
- **Version Control:** Git, GitHub
- **Soft Skills:** Problem Solving, Team Collaboration, Communication

Projects

F18 Fighter Jet Simulation | Unreal Engine 5 | Blueprints | C++

- Developed a realistic fighter jet simulation with flight controls and movement physics.
- Implemented aircraft mechanics, camera systems, and immersive gameplay features.
- Applied game physics and Blueprint/C++ programming to create dynamic flight behavior.
- **Tech Stack:** UE5, Blueprints, C++, Game Physics, Camera Systems.

First-Person Shooter (FPS) Prototype | Unreal Engine 5 | Blueprints | C++

- Developed a playable FPS game featuring shooting mechanics, weapon systems, and character movement.
- Implemented enemy AI, hit detection, and combat interactions using Blueprints and C++.
- Designed modular gameplay systems for improved scalability and maintainability.
- **Tech Stack:** UE5, Blueprints, C++, Enemy AI, Character Movement Component.

Volunteering Experience

Project Expo Organizer | COMSATS (2024)

- Organized and coordinated university-level Project Expo with 100+ attendees, managing event logistics, participant coordination, and ensuring seamless showcase of student projects

Achievements and Certifications

Unreal Engine 5 Game Development

- Completed self-directed UE5 coursework including gameplay systems, Blueprint scripting, C++ integration, and physics simulation; applied learning across multiple shipped game projects
